

A S CONSULTANT

COMPLETE BUSINESS SOLUTION UNDER ONE ROOF

WHO WE ARE

ABOUT US

We are a comprehensive consultant and certification organization. Our programme involves a dynamic and committed work force that serves it's clients in meeting and exceeding their commitment towards sustainable built environment, energy efficiency and water efficiency.

A.S consultancy envisages being a flag-bearer for sustainable built environmental goals. They promote sustainability movement and create awareness about sustainable habitat by highlighting strategies.

At present we are conducting the following programmes; the Energy Audit, Safety Audit, ISO-9001,14001,45001,50001 Audit and certification.

We are also doing the Green building Certification with IGBC,GRIHA and ASSOCHAM GEM and Third Party commissioning.

Our current projects involve MEP design and build up for hospital, hotel , offices , homes, residential etc.
